

## SDHC Compatible Camera/Camcorder List

Not all devices support SDHC 4.0GB cards. Please contact your device manufacturer for details. To ensure compatibility, look for the SDHC Logo on the product or packaging of your new camera or digital camcorder.

**NOTE:** SD, SDHC and the SDHC logo are trademarks.

*Device compatibility information source: Independent on-line review or device manufacturer press release, product manual or other 3rd party source. Please check with your device manufacturer for details.*
